

June 27, 2005

Dear Praying Friends,

This month has gone by at a frantic pace so it is good to know that we have people praying faithfully. As an update on how God answers we wanted to share with you the following list.

- 1) Our financial support is inching toward the finish line. We still need about 10% of both outfit and passage and monthly support moneys. In terms of dollars that translates to be about (\$3,000 & \$500 respectively).
- 2) Both of our boys have steady summer jobs. This was nothing short of miraculous considering the fact that they can only work for 10-12 weeks and need training whatever the job.
- 3) A buyer has been found for our home. We still wait on the final details of closing (inspections, paperwork, etc.) but so far everything is proceeding without delays. The closing date is set for July 6th with them taking possession of the property on July 20th.

In response to this recent development our past week was committed to clearing the house of all non vital stuff. We prepared for a moving sale last Saturday and were pleased to be many items lighter after all the hard work of moving furniture and clearing shelves.

This was just the first purge. We still need PRAYER as we continue to DOWN-SIZE. Our goal is to have only a small remnant to put into storage for trips back home from Ireland.

PRAY also for the final financial needs to be met by the end of August. We would like to leave then so that we can be enrolled at the Irish Bible Institute in time for their fall term which begins September 13th.

We also have one last necessary trip to ABWE headquarters in Harrisburg for training (July 8th - July 17th). This will fulfill one of our final training requirements before being cleared for departure, so we need you to remember this also in your PRAYERS. Safety in travel and clear minds to be able to absorb necessary information is a definite need.

Fellow Servants,

Dean & Julia Langley
Psalm 127:1
